DETAILED ACTION

1. Claims 1-27 are pending. The previous rejection is withdrawn pursuant to Applicant's October 25, 2006 Amendment and Remarks.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim 1-27 are rejected under 35 U.S.C. 102(b) as being anticipated by Cunningham.

Cunningham discloses, e.g. Figs. 1-4, using a computer for filling out an application on a web page/server, e.g. 44, web server, e.g. 22-34, an online credit report, e.g. 48, based upon approval criteria, e.g. application data 42, done in real-time.

Applicant's October 25, 2006 REMARKS have been reviewed and are convincing with regards to the previous Office Action, but are moot in light of the new rejection. It is noted that intended use claim language, e.g. "for providing," "to allow," is given little if any patentable weight in juxtaposition with positively recited claim language, e.g. "at least one web page."

4. Further references of interest are noted on the attached PTO-892.
